

# GOP Renominates 3 Circuit Judges

## Reynolds, Wright And Zimmerman Are Renamed

No Opposition  
At Convention;  
Election June 3

The three incumbent circuit court judges—C. Ross Reynolds of Vienna, Harold L. Zimmerman of Marion and Clarence E. Wright of Carbondale—were renominated at the First Judicial district convention held yesterday at Cairo.

The judicial election is June 3. Judge Reynolds and Judge Zimmerman have served as circuit court judges during the past two six-year terms, Judge Wright during the past six years.

There was no opposition to their nominations as the roll call of counties revealed all delegates voting for the incumbents.

The convention was held in a crowded Alexander county court room, with delegates present from Saline, Williamson, Jackson, Pope, Johnson, Massac, Union, Pulaski and Alexander counties.

**Permanent Convention Officers**  
were Ralph W. Harris of Marion, chairman; DeWitt Twente of Harrisburg, secretary; and George Cross of Pulaski county, assistant secretary. Appointed sergeant-at-arms by Chairman Harris was Kenneth Powless of Marion.

L. M. Hancock, Harrisburg attorney and city court judge, made the nominating speech in behalf of Judge Reynolds.

After stressing the importance of naming competent men to the bench, Atty. Hancock stated: "For 12 years he (Judge Reynolds) has demonstrated qualities which make him entitled to this office. He has the experience, judicial temperament, knowledge and intelligence to make him the fine judge he has been. He won't duck the tough issues—he's willing to hear all cases and judge them according to the law and evidence."

Atty. Charles Feirich of Carbondale, who nominated Judge Wright at the convention six years ago, reiterated what he had said then, that: "Judge Wright is willing to work, is conscientious, has a keen legal mind and is quick to grasp the issue."

**16 Present from Saline**  
"He has exhibited proper judicial temperament, is courteous and is inherently honest in his decisions."

Atty. A. L. Fowler of Marion, in his nominating speech in behalf of Judge Zimmerman, called the judge "a self-made man, who worked his way through school, a man who has worked on the railroads and in the machine shops. He has developed extraordinary powers as a judge during the 12 years he has been on the circuit court bench."

One of the seconding speeches was made by Charles Durfee, 93-year-old attorney from Golconda.

Saline county had 16 and a fraction votes at the convention and delegates attending were: Mr. and Mrs. I. M. Taylor, Mr. and Mrs. L. E. Pickering, Atty. George B. Lee, Atty. L. M. Hancock, W. K. Turner, Horace Richey, Everett Hess, Atty. Lloyd H. Melton, James Morris, James Beggs, Atty. K. D. Cummins, Atty. DeWitt Twente, Atty. Charles Jelliffe and Quentin Bowers.

Atty. Jelliffe and Turner served on the Resolutions committee. Pickering on the Credentials committee.

## Pioneer Coal Operator Dies

MARION, Ill. (AP)—George Wallace, 85, a pioneer coal mine operator in Williamson County died Tuesday night.

Wallace and three brothers, William K., John and Alfred, operated four coal mines in the county between 1905 and 1951 when the Wallace Coal Co. ceased operations.

Their first mine in Williamson County was known as the West Virginia mine.

## Husband is Fatally Injured On Way to Visit Wife in Hospital

BREESE, Ill. (AP)—William Kliebeker, 39, died Tuesday night in St. Joseph's Hospital here of traffic accident injuries suffered while driving to the hospital to visit his wife.

Kliebeker was en route from his home at nearby Shattuc when his car collided with one containing seven youths driving to Salem for a basketball game.

The crash occurred Tuesday on U. S. 50 near Carlyle. The second car was driven by Gene Bromlick, 17, Collinsville.

Authorities said Kliebeker's wife recently underwent an operation.

## Yank Soldier Sentenced to Hang in Japan

SENDAI, Japan (AP)—A Japanese court today sentenced an American soldier and his Japanese sweetheart to death by hanging.

The Sendai District Court found Pvt. Orvis L. C. Boone, 24, guilty of murder, robbery and arson. The death sentence was the first dealt out by Japan to an American serviceman.

Boone, a Negro of Galveston, Tex., and Shigeko Sasaki, 20, were accused of murdering Kikuko Muraki, 25, here last Sept. 4, then robbing her and burning her house in an attempt to conceal the crime.

It was believed Boone would appeal the sentence. If hanged he would be the first American serviceman to be executed by Japanese civil authorities.

The condemned soldier already had been sentenced to life imprisonment by a U. S. military court for an earlier crime. A U. S. military spokesman said "the Japanese verdict takes precedence over the military sentence" because Boone was absent without leave, and therefore off duty, at the time of the crime.

The U. S. Army had given the six-foot, 135-pound soldier a life term after convicting him of clubbing Specialist Third Class Edward K. Manuakea, 21, last July 31.

## Film at Kiwanis Shows Shawnee Area Land Changes

"Land Changes," a colored motion picture of the Shawnee Forest area, was shown to members of the Kiwanis club last night at the Masonic temple by Joseph Hillingsworth, member of the forest staff and program chairman for the meeting.

The scenes showed changes since the beginning of the Shawnee Forest in southern Illinois.

First shown were scenes of land denuded by erosion, poor wood burning practices and deterioration of farms and towns in the Ohio River valley.

Changes brought about by forest management showed erosion halted by tree planting, proper tree cutting, wildlife protection and better hunting areas and recreational spots. Farms in the area receive protection of fire wardens and counties receive a proportionate part of the sale of timber from the forest in their areas.

Donnie Beggs and Robert Jones of the HTHS Key club were guests at the meeting and Dawn Frith, a new member, was inducted by Fred Wunderlich, lieutenant governor of Division 16.

U. S. PROMISES TO USE INFLUENCE — Israeli Foreign Minister Golda Meir makes a statement to newsmen in Washington after she conferred with Secretary of State John Foster Dulles. She said that the U. S. promised "to use its influence in seeking the objectives of peace and tranquility" in the Middle East. At right is Israeli Ambassador Abba Eban. (NEA Telephoto)

# Court Upholds Use Tax On Out-State Purchases

## R. Dale Wilson is Appointed to Regional U. S. Health, Education Post

It was announced today that R. Dale Wilson of 1027 South Webster street, had been appointed Assistant Coordinator of Region V by the United States Department of Health, Education, and Welfare. Region V comprises the States of Wisconsin, Michigan, Illinois, Indiana, and Ohio. The Regional office is located in Chicago at 69 West Washington street.

For the past two years Mr. Wilson has served as assistant in the office of Vernon L. Nickell, State Superintendent of Public Instruction in Springfield, acting as director of the Illinois State Agency for Surplus Property Utilization. Mr. Wilson was Saline County Superintendent of Schools for two terms from August 1947 to August 1955.

Prior to his election as county superintendent of schools he taught in the Harrisburg City schools. He was principal of the McKinley school for six years, principal of the Logan school for six years, taught in the Junior high school for five years and taught one year at Horace Mann school.

Mr. Wilson received his Master's degree from the University of Illinois in 1939, majoring in administration and supervision. He received his B. Ed. degree from Southern Illinois University in 1937.

While county superintendent of schools Mr. Wilson was president of the State County Superintendent's association in 1953-1954. He is a member of the National Education association, Illinois Education association and served as secretary-treasurer of the Southern Illinois School Masters association for several years. He is a member

R. Dale Wilson

of the First Baptist church, Masons, Phi Delta Kappa, and Kappa Phi Kappa, educational fraternities.

Mrs. Wilson, who received her Masters degree and B. Ed. degree from Southern Illinois University, is a teacher of the fifth grade at the Dorrisville school. She formerly taught in the Harrisburg City schools in the McKinley school district. She will join her husband in Chicago at the close of the present school term.

Mr. and Mrs. Wilson have three children, Mrs. Les Reed (Eleanor) of Chicago, Ronald D. Jr., a pre-med student at Southern Illinois University, and Carolyn, a senior at Southern.

Mr. Wilson will assume his new duties with the Department of Health, Education, and Welfare on or about April 1.

## Meeting at Goreville

## Shawnee Hills Ass'n to Print Brochure of Area Recreation Spots

The Shawnee Hills Recreation association met at Goreville Monday evening with about 50 members and guests present.

Dr. Wm. H. Freeburg, head of the Outdoor Recreation and Education department of Southern Illinois University, was the guest speaker.

Dr. Freeburg showed slides describing his tour of the nation the past year when he visited recreation areas in other states. He showed views of campsites, tourist information signs, roadside tables and park sites.

He stated the daily traffic on state highways in southern Illinois is three times that of the rest of the state. Most people traveling to Kentucky Lake and the Missouri Ozarks travel through this area. He said the recreational picture is improving rapidly and since the life span has been increased people from 55 to 60 will seek places to visit pleasantly and economically. Workers want scenic places to spend a three-day week end, he said.

Dr. Freeburg urged that the Shawnee Hills Recreation association work with the Forest Service and State Parks in choosing campsites and recreational areas.

## To Print Brochure

L. P. Neff, Shawnee Forest supervisor, showed a colored movie taken in southern Illinois which tells the story of the forest and shows planting being done in this area.

Rex Karnes of the SIU recreation department, displayed a brochure which the association decided to print and make available in this area to give directions for tourists.

C. C. Kerr of Cave-in-Rock suggested the later publication of a booklet with each of the six counties to have 40 pages for promoting their area through pictures, maps, descriptions and driving directions to main points of interest and tourist accommodations.

The Saline County Tourist Industry committee announced the ordering of 500 bumper signs with the inscription, "Visit the Shawnee Hills in Southeastern Illinois." These, displayed on the left front bumper, or windshields, should arouse questions from visitors

## Walter Bourland, 64, Former Area Resident, Dies in Michigan

Walter Bourland, 64, of 29421 Kelly road, Roseville, Mich., died at St. Joseph's hospital in Mt. Clemens, Mich., Tuesday. Formerly a resident of this area, Mr. Bourland was employed in the automotive industry and died following a short illness. He leaves his wife, Maggie Bourland of Roseville; a daughter, Mrs. Mary Ellen Kerischer of Spartansburg, S. C.; two brothers, Ralph and Luther Bourland of Eldorado, and two sisters, Mrs. Nell Cox and Mrs. Lucille Skaggs of Eldorado; and one grandchild.

The body is now in the care of the Reed funeral home of Roseville where the funeral will be held. Martin funeral home of Eldorado will receive the body on its arrival here and funeral plans will be completed.

## State Director Approves Auto Insurance Hikes

SPRINGFIELD (AP)—State Insurance Director Joseph S. Gerber today announced he has approved an increase averaging 14 per cent statewide in automobile insurance rates effective April 17.

The increase will be the first in Illinois rates since 1951.

Gerber said the average statewide increase for bodily injury rates is 19.9 per cent and for property damage 4.9 per cent.

Gerber said the records of insurance companies writing automobile liability in Illinois reflect "very serious" losses.

He blamed the rate increases on steadily rising traffic accident rates.

The last increase in auto insurance rates in Illinois was on July 2, 1951 when bodily injury premiums were increased an average of 16.8 per cent and property damage premiums went up 25 per cent.

In contrast, Gerber said, California has had three increases in the same period.

Gerber said the bodily injury rate increase in Chicago will be 25 per cent, with 3 per cent increases for property damage.

Other sample rate increases: East St. Louis, 5.1 for bodily injury and 4.6 for property; Du Page County, 7.7 per cent for bodily injury and 13.7 for property; Lake County, 21.1 per cent for bodily injury and 18.8 per cent for property.

## Mrs. Eva McGill

### Found Dead at Home

Mrs. Eva McGill, about 80, the mother of Rev. William H. Hughes, pastor of Mt. Pleasant Baptist church, and sister of Mrs. Myrtle Towles of 328 East Walnut street, was found dead at her home at 816 East Church street this morning. Mrs. McGill was born and raised near Birdsville, Ky.

The body is in the care of the Keathly funeral home awaiting funeral arrangements.

## Many 'Ifs'

### Cautious Talk of Tax Cuts in House

WASHINGTON (AP)—Cautious talk of a possible tax cut was revived today in the House.

Key Democrats said some tax relief, probably not to take effect before next year, might be possible if:

1. Congress continues to chop President Eisenhower's \$71.8 billion budget at the rate claimed so far by the House.
2. Government income does not fall below expectations.
3. No new problems develop at home or abroad requiring extra outlays.

The iftest of these at present is continued success of the drive to cut spending.

The Democratic high command has made no policy decision yet on the budget cut required to justify a tax-cutting drive. However Rep. Wilbur Mills (D-

## Ruling Reverses 1956 Opinion on Castle Petition

2 1/2 Per Cent Tax  
Enacted to Parallel  
Illinois Sales Tax

SPRINGFIELD (AP)—The Illinois Supreme Court today reversed itself and upheld the constitutionality of the state use tax on out of state purchases.

Today's ruling reversed a Nov. 26, 1956, opinion by the court that the use tax was unconstitutional on grounds it did not apply uniformly to all users of personal property.

Justice Walter V. Schaefer, who wrote the majority opinion, said "The General Assembly is not without power to enact such a use tax."

Justice Charles H. Davis, Rockford, dissented.

The court ruled today on a petition for a rehearing by Atty. Gen. Latham Castle.

The 2 1/2 per cent use tax was enacted to parallel the sales tax which is levied on in-state purchases. It was planned to bring in about 12.15 million dollars a year in revenue.

The tax was challenged by John W. Turner Jr., who bought an automobile from an Indiana dealer and refused to pay the tax charging it was invalid.

**No New Legislation**  
The court said the use tax was "designed to complement and protect the sales tax and the validity of its exemptions is to be determined in the light of that purpose."

The majority opinion went on that "the question here is not whether the Legislature is required to shape the use tax that it imposes to conform to the sales tax but whether it may constitutionally do so. We think it may."

Turner had charged the tax was invalid on grounds some services were exempted from it. And in November, the court had agreed with him, saying the tax was unconstitutional because, for example, "a purchaser of personal property from a building contractor may be subject to a use tax while the building contractor would not."

But the court reversed this stand today.

The new ruling meant that Gov. William G. Stratton would not have to ask the Legislature to write a new use tax as he said he would if the court had reaffirmed its first ruling.

## Name Illinois Mother of Year

VIRGEN, Ill. (AP)—Mrs. Cassie Reeves, 62, Weldon, a mother of four children and a former school teacher, today was named Illinois mother of the year.

A committee of seven judges selected Mrs. Reeves to represent Illinois in the national contest for mother of the year sponsored by the American Mothers Committee Inc.

Mrs. Reeves started teaching at Weldon when her husband died and she taught for 27 years.

She was sponsored in the contest by the Weldon chapter of the Women's Christian Temperance Union of which she is a member.

Her oldest son, Colon, is a certified public accountant. Son Richard is an engineer at Decatur, and Robert is in business in Des Moines, Iowa.

Mrs. Reeves' daughter, Margaret, formerly taught music in high schools and is now married and living in Utah.

The Illinois mother has 13 grandchildren.

## The Weather

Illinois: Fair and somewhat warmer tonight. Thursday partly cloudy and warmer with chance of some rain southwest. Low tonight 36-45 south. High Thursday 55-65 south.

**BIBLE THOUGHT FOR TODAY**  
When we cried unto the Lord God of our fathers, the Lord heard our voice, and looked on our affliction. — Deut. 26:7.

The affliction also played its part in developing character, faith and courage. Even slavery produced some sad sweet songs unsurpassed in all literature sacred or profane. It developed saints.

### The Issue of Profit

Editorial — BY BRUCE BLOSSAT  
Senator Humphrey of Minnesota says the Eisenhower administration wants to blame organized labor's wage demands for higher living costs. He thinks the nation's big corporations should bear the responsibility because of their "enormous profits."

Actually, most of the public warnings against inflation have urged that business and labor both exercise great restraint, the one in pushing prices higher and the other in pressing wage demands. What is more interesting about Humphrey's statement is his plain implication that there is something improper about big profits. This is a notion that pops up persistently. Some labor leaders and their economists are particularly fond of it.

But this shows a sad misunderstanding of the function of profits in the economy. They are not something to be sluiced off to the stockholders as if the latter were the corporation's sole responsibility.

That has in fact been done, but usually with dire results for the business. There is one recent glaring example. The outcome? The outfit is out of business and thousands have lost their jobs.

Corporations are not static organizations which can afford to stand still as the economy and the nation change. They must adapt and they must grow. To do this they need money. Only so much can be borrowed. The rest must come from earnings.

Keeping a good business going doesn't consist of sitting at a desk and counting the profits. Business managers are constantly betting on how big the market for their lines will be next year or five years hence, on what new products will sell and what old ones will drop out.

They have to back their bets with real chips. The bigger the country gets, the bigger the corporations, the bigger their profits, and the bigger the bets they must make on the expanding future.

To declare, as Humphrey did, that corporations are making enormous profits is to state not only the obvious but the necessary. If they did not, they could not find the means to keep pace with a changing America.

Many business managers grow weary and die prematurely. There's little evidence this reflects any fear that corporation profits are "ill-gotten" gains. What strains them is the endless worry involved in spending huge sums wisely and responsibly, in other words, in making good bets on the future.

Profits are the economy's insurance policy against maladjustment and failure. They are no idle plaything but a vital reservoir to be tapped with great care, for the sake of both a business enterprise and the country it helps to sustain.

## CONSTIPATED?

New laxative discovery un-locks bowel blocks without gas, bloat or gripe

Constipation is caused by what doctors call a "thirty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H stimulate it to action; to a normal urge to purge.

And, of all laxatives, only COLONAL, the amazing new laxative discovery possesses COLONAL's great moisturizing capacity, plus COLONAL's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONAL is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAL neither gags, bloats nor grips; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions. It's a physiological fact: Exercise tones your body! And COLONAL exercises your colon to tone it against constipation, overnight! Get COLONAL, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

# The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Postmaster General Summerfield Stymied Probe Of Teamsters In 1954; Republicans Were Probing Hoffa When Cabinet Member Stopped Them; Penn-Texas Hires Gilt-Edged Assortment Of Wirepullers.

WASHINGTON — There is one man who's laughing up his sleeve at the midnight arrest of Teamsters boss Jimmy Hoffa for allegedly trying to bribe an agent of the Senate Rackets committee. He is cantankerous Congressman Clare Hoffman of Michigan, who started a probe of Hoffa and the Teamsters three years ago, but was abruptly and unceremoniously stopped by none other than a member of the Eisenhower cabinet, Postmaster General Summerfield.

Congressman Hoffman, together with Wint Smith of Kansas, Republican, and Phil M. Landrum of Georgia, Democrat, were investigating the Teamsters, when suddenly word came from the White House via GOP House leader Charley Halleck of Indiana to call off the probe.

Hoffman was so irked that he made a speech on the House floor complaining that his subcommittee on labor racketeering and welfare funds "had but barely entered upon its investigation when apparently for political reasons it was liquidated." Rep. Smith also complained to newsmen. After the hearing on Detroit labor racketeering closed, Smith stated that it was being terminated because of "pressure."

"Where does the pressure come from?" Smith was asked. "From so high," Smith told newsmen, looking at the ceiling, "that I can't even discuss it."

### DEAL WITH TEAMSTERS

Inside fact, as revealed by this column April 13, 1954, was that high Republicans in Michigan, led by Postmaster General Summerfield, made a deal with the Teamsters to support Sen. Homer Ferguson, Republican, for re-election. In return, investigation of Hoffa and the Teamsters was dropped.

Ferguson in 1954 faced a tough re-election battle with the late ex-Sen. Blair Moody, Democrat, running against him. Moody died in the middle of the primary campaign, and Pat McNamara, a long-time member of the Detroit

city council and a strong AFL leader, was nominated. In the final election, McNamara, to the surprise of everybody, defeated Ferguson.

Hoffman's probe of the Teamsters had just begun to strike pay dirt when "those on high" intervened. He was looking into alleged Teamsters locals; also pressure on automatic car-wash employers to make payoffs; also in property acquired by Hoffa's wife and Mrs. Bert Brennan, wife of another Teamster chief, after Hoffman and Brennan had settled a strike in Flint, Mich.

Partly as a result of the probe, a Wayne county grand jury indicted 12 leading Teamsters including William F. Buffalino, head of the Jukebox local, Mike Nicoletti, head of Local 247 in Detroit, and David J. Keating, head of Local 614 in Pontiac.

### THE HIGH ART OF WIREPULLING

It's interesting to watch the pattern of lobbying by smart big business in Washington. The boys really-in-the-know touch every base, leaving nothing uncovered.

Take, for instance, the Penn-Texas Corporation headed by likable, shrewd Leonold Silberstein, the refugee from Hitler who has built up one of the bigger holding companies in the U. S. A. He is now under Securities and Exchange Commission investigation as an outgrowth of his battle to take over Fairbanks, Morse, owned by one of the old American industrial families.

To win his battle, Silberstein has lined up the following gilt-edged assortment of lawyers, wirepullers, directors, lobbyists, and public relations men:

Carl McCordle, ex-assistant secretary of state. His job is to keep the State Department base covered.

Gen. Julius Klein, astute operator for the Pan American Airways lobby. His job is to contact various wirepullers.

H. Struve Hensel, ex-counsel of the Defense Department. His job is to cover the base at the Pentagon.

Maj. Gen. "Buck" Lanham, an official of the Penn-Texas Corporation, and former hard-working aide to Ike. His job is cover the base at the White House.

Oscar Chapman, able ex-secretary of the interior, now an official of the Penn-Texas Corpora-

tion. His job is to cover all bases with liberal senators.

Ex-Sen. Owen Brewster of Maine. He covers conservative GOP senators on Capitol Hill, including Senator Bridges of New Hampshire. Bridges recently made a speech which had the effect of serving notice on the SEC not to go too deeply with the Penn-Texas probe.

Ben Javits, brother of New York Sen. Jack Javits. He touches base with New York Republicans in the Senate and elsewhere.

Milton Wiseman, law partner of Democratic Congressman Mannie Celler. He touches base with New York Democrats.

John Bailey, Democratic national committeeman from Connecticut. He covers other Democratic bases.

Jake Arvey, Democratic leader of Chicago. He touches base with Sen. Paul Douglas of Illinois, one of the few senators who could understand the amazing financial web spun by Silberstein.

Note — Genial Sam Pryor, vice president of Pan American Airways, has also been doing voluntary, unpaid wire-pulling on Capitol Hill for Silberstein.

### CAPITAL CHAFF

Sen. Paul Douglas of Illinois has advised Senate leaders that he will submit an itemized account of every nickel he spends on future official trips—whether any other senator does or not. In the past, most senators have turned in vague, general expense accounts. Notable exception was Theodore Francis Green of Rhode Island, the oldest, wealthiest, and parsimonious member of the Senate.

The House Un-American Activities committee is investigating alleged Communist infiltration into American music. The American embassy in Moscow has warned that Russia will shortly open a major diplomatic and propaganda drive to lure West Germany out of the western alliance.

The Russians have cracked down on all Hungarian pilots and forbidden them to fly any kind of military plane. The Reds heard several Hungarian pilots planned to escape to the West in Soviet military planes.

## The Christian Man

By EUGENE CARSON BLAKE, D.D.  
(Written for NEA Service)

### III. MAN AND HIS COMMUNITY

John said to him, "Teacher, we saw a man casting out demons in your name, and we forbade him, because he was not following us." But Jesus said, "Do not forbid him; for no one who does a mighty work in my name will be able soon after to speak evil of me. For he that is not against us is for us. For truly, I say to you, whoever gives you a cup of water to drink because you bear the name of Christ, will by no means lose his reward." Mark 9:38-41. RSV.

A community is a very different thing from a mass of people. Perhaps the greatest problem of our modern society is that people are more and more crowding together in our cities. At the same time they have fewer and fewer intimate relationships with their neighbors. It is possible to live in a great city apartment house for months and years and never speak more than a formal word to the neighbors who live above, below and all around you.

Man was not made to live in such isolation from his fellows. The result of a lack of normal human relationships is often to produce either abnormal persons or abnormal relationships. Neurotic fear, greed, belligerence and depression may be expected to develop in persons who are too much alone. And who but people psychotically afraid of going home would spend hours jammed together in the discomfort of most night clubs?

But it is not easy to form a real community even in a village or small town where everybody at least knows about everybody else. Here, however, the problem of making a true community is caused not so much by too many people too close together as by the sin in all of us who find it easier to use people than to love them. A true community requires at least a common purpose and human cooperation in realizing that purpose together.

There is, however, an interesting incident in the Gospel which shows how hard it is to form a community even when a common need is recognized and a common purpose is accepted. One of Jesus' disciples came to him very much excited because he had found a man, not of their company, casting out demons and actually using the name of Jesus as he did so. "We stopped him," said the disciple.

Today we would probably think of "casting out demons" as a health program, psychological and religious. The point is that the stranger had accepted the same program as the disciples. But, they said, "Because he is not following us, we forbade him." But Jesus rebuked his disciples for their party spirit. "He that is not against us is for us."

But a community requires variety as well as unity. Christianity aims at community but, too often, like the disciples, we would drive from us the man who is in any way different. Christianity aims at communion, not identity. Communion implies independent and individual human beings in the right relationship with each other, giving and forgiving. Their common good is summed up in all that Jesus stood for and everything that the name of Christ connotes. "He that is not against us is for us."

Next: Man and his fellowmen.

## WEBQ Baptist Hour Schedule

Schedule for the Baptist Hour Association program over radio station WEBQ daily from 7 to 8 a. m. as follows, with the church and minister in charge:

March 21, Gaskins City Baptist, Pastor Robert Piersol.

March 22, Golconda Baptist Church and Pastor L. R. Bowles.

March 23, Wasson Baptist Church and Pastor Alva Daily.

For any question about this schedule, call or write Rev. Ernest Ammon, 113 West Elm street, Harrisburg, Ill.

You can't buy a bigger station wagon anywhere...at any price!

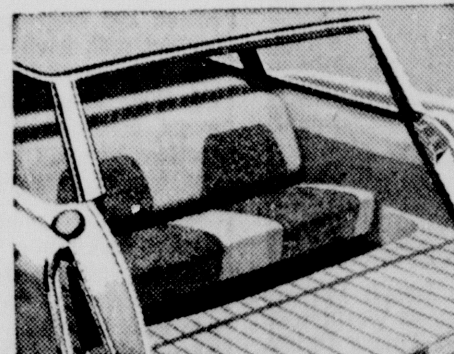

Yet, this smooth-riding Plymouth Suburban is still in the low-price 3

Of all the makes in the country today, there isn't a single station wagon built that's bigger than the new Plymouth.

We're not just talking about the low-price 3, though Plymouth has the biggest in the lowest-price range. We mean all station wagons...low-price, medium-price, right on up to the so-called "big" luxury wagons. You can't buy bigger than Plymouth no matter how much you spend!

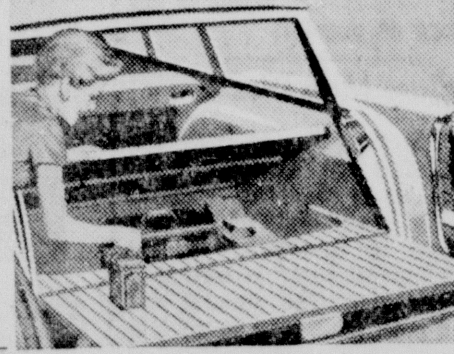

So why spend more—and settle for less? Especially when Plymouth offers you the magic smoothness of velvety Torsion-Aire Ride... Push-Button Driving... Total-Contact Brakes... Flight-Sweep Styling... and the power-for-safety of up to 290 hp.

There's none bigger... and when you actually drive a Suburban you'll agree there's none better! See for yourself—at your Plymouth dealer's!

New Observation Seat. Available in all 9-passenger Suburban models. Folds flush into floor for extra cargo space.

Hidden luggage compartment. Almost 10 cubic feet of locked space for safe, out-of-sight storage of luggage and valuables. On 6-passenger models.

THEY DON'T COME ANY BIGGER THAN

Plymouth

SUBURBANS

Don't miss Plymouth's two great TV programs: Lawrence Welk's "Top Tunes and New Talent" and "The Ray Anthony Show." See TV section for time and station.

## Births

Mr. and Mrs. Edgar James Smith of RFD 1, Galatia, are the proud parents of a baby girl born at the Harrisburg hospital on Tuesday. The little girl is named Ella Marie and weighed six pounds, five ounces at birth.

### SIU Seniors Want U. I. President as Commencement Speaker

CARBONDALE, Ill. — The senior class at Southern Illinois University wants University of Illinois President David Dodds Henry as its commencement speaker June 16.

A class committee, headed by Edmund W. Phelps, Alton, asked SIU President D. W. Morris to extend the invitation to the U. of I. president.

Wapiti, moose and elk are all members of the deer family.

to see granddaughter Vickie who has been very ill.

Mr. and Mrs. Ralph Colbert and Norma Ferne Ories visited on Sunday with Mr. and Mrs. Ben Carnahan and daughters.

Miss Sandra Colbert spent the week end with her parents Mr. and Mrs. Ralph Colbert.

## Social and Personal Items

### Women's Clubs To Have Workshop at Giant City State Park March 27

"Federation Blueprint" is the theme of the one day workshop which will be sponsored by the Illinois Federation of Women's clubs at the lodge in Giant City State Park on March 27, beginning at 10 a. m. After the morning workshop and luncheon at the lodge, there will be a tour of the park and other points of interest.

Mrs. Walter Collins, West Frankfort, director of Southern Region, for the Illinois Federation of Women's clubs, will preside over the meeting, which is open to all clubwomen and their guests. Mrs. M. E. Bruce, East St. Louis, dean of department chairmen, will be a guest of honor. State chairmen will present the following workshops: Mrs. Paul B. Norris, Conservation, Mrs. Charles F. Petersen, Gardens, Mrs. William P. Collins, Public Health, Mrs. H. E. Bickel, Indian Affairs, and Mrs. E. C. Sullivan, American Citizenship.

Greetings from the four southern region district presidents will be given by Mrs. William Hastie, Cartersville, district 25, Mrs. J. L. Miller, Harrisburg, district 24, Mrs. Paul Chance, Salem, district 23, and Mrs. Cecil D. Rice, Collinsville, district 22.

Luncheon reservations (\$1.50 each) should be mailed to Mrs. William Hastie, Cartersville, by March 23.

### Mrs. Bader Butler Entertains Ruth Ford Circle

The Ruth Ford circle of the First Baptist church met recently at the home of Mrs. Bader Butler. Mrs. Noble Mitchell, chairman, presided over the business meeting. Two chapters of the home mission book, "20th Century Pioneer," was discussed by Mrs. Charles Sutton.

Refreshments of ice cream, cookies and coffee were served. Members attending were Mrs. John C. Hayes, Mrs. Bernard Feazel, Mrs. John Cape and Mrs. Joe Morman.

Mr. and Mrs. J. R. Partain have returned from a two weeks' visit in the Southwest with their daughters. In Monroe, La., they visited with their son-in-law and daughter, Mr. and Mrs. Merlin Crowe and family, and in Texarkana they visited with the Byron Poyner family. During their trip, Mr. and Mrs. Partain spent a weekend at Amarillo, Texas.

Mr. and Mrs. George Robertson have returned from a pleasure trip to New Orleans, Mobile, Birmingham, and Memphis.

Mr. and Mrs. Harold Godard left today for Chicago, and will return via St. Louis, where Mr. Godard will receive clinical examination for recent illness.

### Rev. Buddy Peyton Shows Films of Tour at Meeting Of Wesleyan Service Guild

The Wesleyan Service Guild of the First Methodist church met Monday evening at 6 o'clock in Wesley Center for a sack supper and regular monthly meeting. Members took sandwiches and the hostess committee provided the dessert and drink.

Miss Alice Mount presided during the short business meeting. Mrs. Capitola Melton's devotional thought was taken from Mark 5. Mrs. Alfred Johnson gave the lesson, the theme of which was the church's responsibility toward the mentally ill.

The Rev. and Mrs. Buddy Peyton had been invited to the Guild and asked to show his pictures and tell of his experiences while a member of a basketball team sponsored by the Youth for Christ movement in 1953.

The pictures which he showed were all made by himself wherever they were scheduled to play games. There were ten young men in the group, of various church affiliations and students from several religious colleges.

Their tour was made in 82 days and covered 47,000 miles. This included Hawaii, the Philippines, China, Formosa, Japan and Korea. The boys played as many as four games in a day. At the half time they spoke to the masses of people who gathered to see the games and hear their messages.

The boys were especially interested in the young people of these countries and some of Rev. Peyton's pictures showed the dire need for help, both physical as well as spiritual. His pictures spoke more eloquently than any words could have done.

Many of his pictures showed the very large crowds assembled to see the games. He said that they had played before and spoken to 587,000 people. After each game an altar call was made and a total of 8,103 were converted to the Christian life.

The Guild and its guests were fortunate in hearing this enthusiastic Christian young man. He and his wife are planning to serve as full time missionaries under the Methodist mission board and will continue their education toward that end.

Besides the Peytons, Miss Mabel Pankey, Miss Bess Pemberton and Mrs. C. E. Combe were especially invited guests.

Mr. and Mrs. Elmer Gibbons returned Sunday evening from Phoenix, Ariz., where they have been visiting for about six weeks with Mr. and Mrs. Woodrow Fulkerson. They also visited Mrs. Sue Fulkerson Carpenter for two weeks before she sailed for Okinawa to join her husband, James, who is an air force jet pilot.

## General Education Tests at SIU April 5-6

CARBONDALE, Ill. — Tests of General Educational Development will be administered to Illinois adults without charge April 5-6 at Southern Illinois University.

Each person to be tested should bring a letter from his high school principal indicating that the school will grant a diploma upon successful completion of the tests, according to Dr. Jack W. Graham, testing supervisor.

Tests will begin at 8 a. m. Friday, April 5, at the University Library Auditorium. A day and a half of testing is required.

GED tests are offered at Southern the first Friday and Saturday of each month.

The chameleon's changes in color or are due to temperature variations, to light and the lizard's feelings.

## Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restlessness and stress and strain — you want relief — want it fast! Another disturbance may be mild bladder irritation following wrong food and drink — often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedily relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by their soothing effect on bladder irritation, 3. by their mild diuretic action tending to increase output of the 16 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

## In Memoriam

In loving memory of our wife and mother, Mrs. Maud E. Fox, who passed away two years ago March 20, 1955.

"Mother Has Fallen Asleep."  
Mother was tired and weary,  
Weary with toil and pain;  
Put away her work and glasses,  
She will not need them again.  
Into Heaven's mansions she has gone,  
Never to sigh or to weep;  
After years with life's struggles,  
Mother has fallen asleep.  
On the hillside we have lain her  
In the quiet country to lie;  
And although our hearts are broken  
We would not question why.  
She does not rest 'neath the grasses  
Though over her grave they creep;  
She has gone into the Kingdom,  
Mother has fallen asleep.  
Beautiful rest for the weary,  
Well deserved rest for the true  
When our life's journey is ended,  
We shall again be with you.  
This helps us in our sorrow,  
Then, why for her must we weep?

For in His word He has promised  
He giveth His beloved sleep.  
Sadly missed by husband, Wiley  
Fox, and children. \*222-1

makes the flattery as sure as  
that Springolator fit! Try  
it for every big moment,  
darling! Only one of  
many of our exciting shoe  
fashions.

(HART'S—Second Floor)

## Eisenhower to Begin Bermuda Talks Thursday

TUCKER'S TOWN, Bermuda (AP)—British Prime Minister Harold Macmillan arrived here today for his conference with President Eisenhower.

Wet, windy weather which had covered this semi-tropical vacation region for the past few days turned clear and fine early this morning, with cloudless skies and balmy temperatures.

The poor weather earlier had threatened to wash out elaborate welcoming ceremonies planned for Macmillan's arrival. It led British Colonial Secretary J. W. Sykes to make alternate plans for receiving Macmillan and Mr. Eisenhower on their arrival here for talks aimed at firming up the strained Anglo-American alliance.

The President was scheduled to arrive in Bermuda waters aboard the USS Canberra, a guided missile ship on which he has been taking a sunshine cruise for his health.

His physician, Maj. Gen. Howard McC. Snyder told newsmen aboard the Canberra Tuesday the trip has helped the President throw off many effects of his lingering winter cold but that he still has a cough although it is diminishing daily.

The meeting, designed to heal the bruises received by the Anglo-American alliance following as a result of the Anglo-French invasion of Egypt last fall, starts Thursday morning at the plush Mi-Ocean Club.

It is expected to end Saturday evening. An official communiqué probably will be issued Saturday night or Sunday morning.

## Young Science Expert Zips Thru Complex Question

NEW YORK (AP)—A 10-year-old science expert correctly answered the first of three questions leading to a \$128,000 prize Tuesday night on CBS-TV's "The \$64,000 Question."

Robert Strom, of the Bronx, N. Y., who won \$64,000 on the show last week is now on his way to a possible goal of \$256,000, if he answers the other two questions correctly.

For \$16,000, Robert zipped thru the complex question. He was asked to tell how electricity is produced by the Piezo-electric method and the thermionic emission method. The answers are, the distortion of a crystal and by heating a cathode in a vacuum tube.

He was asked to name 10 of the chemical elements found in the human body.

Robert was also shown an equatorially mounted telescope with its hour angle set at two hours east and its declination set at zero degrees, and asked to tell what point in the sky he would be looking at on March 19, at a local time of 10:08 p. m. EST, and an astrological time of 10 hours.

Robert calculated that he would be looking at the constellation Virgo, or the autumnal equinox.

## Stratton Signs Vaccine Bill

SPRINGFIELD (AP)—Gov. William G. Stratton has signed a bill to appropriate \$500,000 for state purchase and distribution of Salk polio vaccine.

The vaccine will be bought and distributed by the Health Department. It will be distributed free to physicians, clinics and county and local health departments.

## Gunmen Terrorize Maid in \$25,000 Theft

CHICAGO (AP)—Two gunmen terrorized a maid for two hours and fled with \$25,000 in furs and other valuables when she pretended she had a heart attack.

The maid, Mrs. Sarah Wesner, said the bandits threw a sweater over her head when she answered the door Tuesday and then forced her to sit in a chair.

Alfred B. Holtz, a whisky distributor, was not home when his 10-room apartment was ransacked.

## Pinkneyville Man Named to Court Vacancy

SPRINGFIELD (AP)—Gov. William G. Stratton today named Harold O. Farmer, Pinkneyville, to fill a vacancy in the 3rd Circuit Court District.

Farmer will fill the vacancy created by the election of Judge Byron O. House, Nashville, to the Illinois Supreme Court.

The term expires in June.

## CORRECTION

In the article about the death of Herman Johnson appearing in The Register on March 18, his name was given as Herman White. He was an uncle of Pavah Whiteside.

**EASTERN STAR**—A match for any movie beauty (East or West) is shapely Helen Mu, Formosan screen star. The Chinese actress is now in Hong Kong, making "Four Daughters," her first movie abroad.

## Senate Approves Proposals Result Hodge Scandal

WASHINGTON (AP)—The Senate Tuesday approved two legislative proposals resulting from the state auditor embezzlement scandal in Illinois last year.

One proposal would require disclosure of bank stock ownership. The other would limit contributions by banks and bankers to political candidates.

The two proposals, both approved by voice vote, were adopted as amendments to an omnibus banking bill under debate in the Senate.

They were regarded as direct outgrowths of the \$2.5 million embezzlement scandal which sent former Illinois State Auditor Orville Hodge to jail.

The stock ownership amendment would require bank stockholders of record to report the real owners—those receiving the dividends—in each case in which an individual held 5 per cent or more of the bank's stock.

The other amendment would forbid political contributions to any individual candidate for a job having authority to invest public funds. The ban would apply to banks or other financial institutions insured by the Federal Deposit Insurance Corp. or the Federal Savings and Loan Insurance Corp. It also would cover their officers and directors.

## Rule Free Game Pinballs Legal

SPRINGFIELD (AP)—Pinball machines which "pay off" in free games and not in money are legal under Illinois law, the Illinois Supreme Court ruled today.

The high court in effect ruled that a pinball games does not pay out "anything of value" and, therefore, on which no money is staked, is not a gambling device and does not fall within the gambling device prohibition of a 1953 statute.

The opinion reversed the 2nd District Appellate Court ruling on the case, which held that the machine in question, known as a "Bally Dude Ranch" was not permissible under the 1953 act dealing with pinball machines.

The statute provides that pinball devices which involve skill and reward players with free plays are not gambling devices and could be licensed.

## Mock Nuclear Attack in July By Civil Defense

WASHINGTON (AP)—The nation will undergo a hypothetical attack from nuclear bombs of from 20 kilotons to 20 megatons in the fourth annual "Operation Alert" in July.

The Civil Defense Administration announced Tuesday the program will be held in three stages this year and will be somewhat altered. Government agencies will not move to relocation sites as they have in the past. And the nature and extent of the simulated attack or the cities involved will not be published in advance.

The three phases of the exercises this year will be:

July 8-12: Rehearsal by local and state civil defense directors and the public in evacuation plans and other readiness activities.  
July 12-14: Assumed nuclear attacks on U. S. cities.  
July 15-19: Survival action period.

## Woman Hurt When Giant Fish Jumps Into Fishing Cruiser

FORT MYERS, Fla. (AP)—Mrs. Fred Carlsen suffered a broken arm when a leopard ray devil fish weighing more than 400 pounds jumped into her fishing cruiser.

Mrs. Carlsen, who is in a hospital, was sunning herself on the afterdeck off Punta Rasa last Sunday when the ray leaped into the cruiser. The unusual incident was not disclosed until Tuesday night.

Her husband finally killed the monster with eight rifle bullets after it had thrashed across her arm, broken the engine box and bent the steering column and gear shift of the boat, she said.

## Train Removal Petition Under Study by ICC

SPRINGFIELD (AP)—The Illinois Commerce Commission Tuesday heard oral arguments and took under advisement a petition by the New York Central Railroad to abandon two trains between Chicago and Harrisburg.

New York Central attorney Richard Olson, Chicago, told the commission the railroad was losing about \$110,000 a year on the trains, Nos. 462 and 463, in out of pocket expenses alone. He said the trains also were losing about \$700,000 a year in fixed costs.

Olson said a truck service would be organized for mail and express along the same routes as the trains take if the abandonment petition was allowed.

Olson said alternate rail service over the Chicago and Eastern Illinois Railroad and the Illinois Central and Greyhound bus service is available for passengers.

Frank Pfeiffer, Springfield attorney representing the New York Central Users' Committee, opposed the petition and said the railroad actually is losing very little money on the two trains. He also charged the railroad has made no effort to improve the service and thus attract more passengers.

## Mayor Pays Up \$14,072 Claim At Mount Vernon

MOUNT VERNON, Ill. (AP)—Mayor O. R. Buford has paid the city \$14,072 in a legal battle over rent but he says he hasn't given up the fight to get it back.

The amount Buford paid the city represents a summary judgment obtained Dec. 11, 1956, by the city. It alleged the mayor owed rent at the rate of \$120 a month for 12 months and 8 days for his suite of business offices in the city hall.

Buford said he decided to pay the judgment after he learned that Sheriff Leonard Wood had been instructed to seize his business office property to satisfy the city claim.

The mayor moved out of the city hall last September to a new building where he operates his vacuum cleaner business.

A claim by Buford that the city should have allowed him \$40 a month for using his business office as a mayor's office is still pending.

The mayor gave up his original office in 1953 when the city adopted the city manager form of government, and moved to second-floor quarters in the city hall.

## New Business Signs Clerks Contract

Guy Price, business agent for the Harrisburg Retail Clerks union, announced today the Necchi-Elma sewing center had signed a contract with the union. The new business had its grand opening only a few days ago.

## Dulles Leaves for Bermuda Conference

WASHINGTON (AP)—Secretary of State John Foster Dulles left by plane today for the Bermuda conference between President Eisenhower and British Prime Minister Harold Macmillan.

## Clarence Jeffers Dies at Equality

Clarence E. Jeffers, 72, died suddenly at his home in Equality Tuesday afternoon. The body is at the A. K. Moore funeral home pending funeral arrangements.

## CORRECTION

In the article about the death of Joe Burns appearing in The Register on March 14, the name of Mrs. Frona Burns, his wife, was omitted.

## Lemming Migrations

Scientists cannot fully explain the periodic suicide migrations of the lemmings in the Arctic, but they generally agree that when lemmings exhaust their food, they either starve on land or go out to sea to drown. A popular theory is that they are driven by some ancient instinct toward some mysterious land they once inhabited.

## Five Workmen Killed in 5-Story Fall of Hoist

JACKSONVILLE, Fla. (AP)—Doctors in five hospitals battled today to save the lives of workmen who were injured critically when a construction hoist fell five stories, killing five of the riders. The big hoist, operating in an open frame outside the new Duval County Courthouse, hit the bottom with an explosive sound when a cable broke at the end of the work shift Tuesday.

Waring R. Barbee, who ran to the scene from his motor company across the street, said the men "couldn't talk, they couldn't scream — most of them just lay there stunned or out."

## Sounded Like Explosion

Barbee said he heard a noise "that sounded like an acetylene tank exploding" and when he arrived, "all I could see were mangled men piled on top of each other like cordwood."

Four men were killed in the hoist and another died at a hospital. All the 14 injured were in serious condition at hospitals, where 10 underwent surgery during the night. Doctors said two others were so deeply shocked that they could not safely be given needed surgery.

The men had boarded the platform at the fifth floor. Others waiting on the fourth floor watched helplessly as the cable frayed, and then snapped, dropping the men more than 100 feet.

## Hearing on Vote By 18-Year-Olds

SPRINGFIELD (AP)—The House Executive Committee today scheduled a hearing on a proposed constitutional amendment to give 18 year olds the right to vote.

The 18-year-old vote was one of Gov. William G. Stratton's major recommendations to the Legislature in his inaugural address.

Among 38 bills introduced in the Legislature Tuesday was one to require automobile owners to list the color of their car, along with other information on the motor vehicle licensing forms. Motorists then would be required to obtain permission from the secretary of state's office before changing the color of their cars.

The bill apparently was aimed at putting a check on car thefts.

Another bill would prohibit Sunday sales of most articles, except newspapers, drugs and the like. A similar "Sunday closing" bill was defeated in 1955.

The Senate will require kindergarten teachers to have state certification.

Also offered was a bill providing for a 56-hour work week for downstate firemen. A similar bill was defeated in 1955.

## MARKETS

### LIVESTOCK

ST. LOUIS NATIONAL STOCK YARDS, Ill. (AP)—Livestock:

Galatia Home Bureau Unit  
Meets With Mrs. L. L. Riegel

Mrs. L. L. Riegel was hostess Tuesday afternoon to the Galatia Home Bureau unit where each of the 14 members answered roll call by naming a piece of household equipment she would like to own. Most popular equipment was the electrical. Auctions held at the last three meetings contributed to the unit's donation for the cancer fund. Each member told of her preference for subject material for the year book while Mrs. Hubert Bond, the program chairman, made notes.

"Colors in Wardrobe" was the popular lesson subject of the home adviser, Mrs. Mary Harper. Swatches of materials in various colors, illustrated the way that certain colors can flatter the stout, average or slender figures. Mrs. Margaret Hatcher, Crafts club chairman, discussed straw purses and hats which were made at the last meeting. Mrs. Hatcher was chosen to talk about "Refinishing Furniture" at the March 21st meeting. The St. Patrick game was won by Mrs. Bledig and refreshments of cake, ice cream, candy, coffee and lemonade were served by the hostess. A new member,

## Thinking It Over

By Robert L. Dieffenbacher, D.D.  
(Written for NEA Service)

Many people were very repentant on Ash Wednesday. They became very humble and determined to approach Easter with a deep sense of sacrifice. They thought about the hardship and suffering of Jesus during His last weeks of ministry. They were even critical of the indifference of His followers who left Him in His hours of loneliness.

Now, a large number who had

a deep sense of guilt two weeks ago have forgotten their high resolve. They have overlooked the sacrifice which they were going to make. They have drifted back into their selfish ways. Let us pause and evaluate our humility. If we are not daily studying the messages of Jesus which He gave to His followers, we could do well to begin reading some Scripture every day. His words will buoy us up in our way through life.

Mrs. Rosella Garrett, joined the unit.

The Junior class of the Galatia Baptist church held a skating party at Harrisburg, March 13. Mrs. Edith Bush, the class teacher, and Mrs. Cliff Gann furnished transportation for the class. Members present were Karen Gunter, Connie Howard, Jean Ware, Marsha James, Martha Stewart, and Edna Gann. Mrs. Gann was a guest at the party and after the skating Mrs. Bush served refreshments to the group.

The Naomi class of the Galatia Baptist church met recently with Mrs. Monette Blackburn. Mrs. Vel-

ma Martin opened the meeting with prayer, followed by a devotion taken from Psalm 27 and led by Mrs. Blackburn. Leila Sutter read the minutes of the last meeting and Clementine Duane made the treasurer's report. The business meeting was followed by games and refreshments. Prize winners were Mrs. Sallie Harris, Miss Clementine Duane and Miss Lois Eubanks. Others present were Beulah Bond, Velma Martin, Carrie Harris, Vesta Gaither and Lois Eubank's daughter.

The Galatia P.T.A. will meet at the grade school Thursday at 7 p.m.

# BUFFALO GRASS

By Frank Gruber

Copyright 1956 by Frank Gruber Distributed by NEA Service, Inc.

XIX

The train, which now came to Pawnee City every other day, deposited at the depot three passengers.

One of the men was none other than Nathan Foss, president of the Kansas & Colorado Railroad.

The second man was the most famous man of the trio. He was a tall, lean man with the coldest blue eyes. He wore his light yellow hair extremely long; his mustaches were also long, the ends of them drooping down over his jaws. He had large, strong white teeth from which his lips peeled back whenever he essayed a frosty smile. His name was Jack Mason, but he was universally known as Wild Jack.

He wore striped trousers, a Prince Albert and a flared vest. He looked like a gambler and indeed spent much of his time gambling, but his fame came from another art . . . he was reputed to be the greatest revolver shot in the country.

The third man of the trio was Judson Drake and his name was known to only one resident of Pawnee City, Charles Fesler, who had written the letter that had brought Drake to Pawnee City.

Nathan Foss, having left his luggage on the train, strolled easily to the Drovers Hotel.

He found Joe Jagger behind the desk.

"Mr. Foss!" cried Jagger. "It's a pleasure to see you."

Foss grunted. "You call this a city?"

"But it brought you here," chuckled Jagger. "Or was it the 2,000 carloads of cattle that I've shipped on your railroad since April?"

Foss grunted again. "That's one of the reasons. I've lost money on those shipments."

"What?"

"The railroad is canceling the agreement."

"I'll sue!"

"Of course," Nathan Foss went on, "the moment you start suit, the railroad will close down the depot at this—ah—point."

"You wouldn't dare!" gasped Jagger. "You're doing too much business with the merchants of this town."

"Oh, they wouldn't be too inconvenienced. They can freight things over from the depot we will erect five miles east of town, or the one we are thinking of building five miles west. . . ." He smiled wolfishly. "You knew, of course, that track construction is being resumed next week?"

"I waive the carload fee," Jagger said tightly, "and I'll pay you 50 cents for every head of cattle going through the stockyards. But that's all."

"Yes, Mr. Jagger, admirable." He coughed gently. "Only one thing more—"

"It's the land, Mr. Jagger," Foss pursued. "We have so much of it and the—ah—my board of directors has complained that we've been able to sell so little of it. They've complained bitterly and if you—ah—could see your way clear to purchasing a few sections—5,000 acres."

"At how much an acre?"

"Ten dollars."

At the moment that Nathan Foss was putting the squeeze on Joe Jagger, Charles Fesler, the newspaper publisher, was introducing the second new arrival in Pawnee City to Harlow Tarbox, the proprietor of The St. Louis Store.

"Mr. Judson Drake of Kansas City, Mr. Tarbox," Fesler said proudly. "Or perhaps I should have said, Judge Drake."

"No, Charlie," protested Judson Drake. "I'm merely Mister Judson Drake, attorney at law. I haven't been on the bench in over a year now."

"I'm very happy to make your acquaintance, Judge," said Tarbox fervently. "I guess Fesler told you about our problem."

"He outlined it in some detail in his letter. You want to establish a government in this community—and a very thriving community it seems to be—and you want my advice on how to do it. It's really quite simple, Mr. Tarbox. You petition the legislature to create a new county of a certain amount of territory surrounding this community, naming Pawnee City as the county seat. You then elect a sheriff, a board of supervisors—"

"Whoa, wait a minute!" cried Harlow Tarbox. "You're way ahead of us. We haven't even got a town government here."

Fesler exclaimed, "You'll have to spell it out. Right from the very beginning. One—there's no law here of any kind; no supervisors, no nothing. No organization of anything. Two men think they own this town—consider it their private property. They think they have the right to make the laws and rule this town—"

"Oh, my dear Charles!" exclaimed Judson Drake. "Not in this day and age. Feudalism passed with the Middle Ages. I see where we'll really have to start at the beginning."

"You'll do it for us, Judge?" asked Tarbox. "You'll stay here long enough to get it started?"

"As it happens, Mr. Tarbox,"

## Southern States Fight Fire Ant Invasion

By United Press

the judge said, beaming. "I have been rather tired of city life and when I received Friend Charlie's letter, it occurred to me that this might be just the sort of thing that would interest me. A brand-new community, a growing town. Of course, I would lose by it financially, but the idea appeals to me. I might just decide to settle down here, open a law office and call this my home."

"You won't be in a law office long, Judge," said Fesler. "You get us a county and you'll be the judge."

(To Be Continued)

Southern states appealed today for congressional action to turn back an invasion of the fire ant which is destroying crops, small livestock and poultry and even attacking humans over a widening area.

While congressmen and Agriculture Department officials laid the case before a House Agriculture subcommittee in Washington, appeals for help sounded from local

authorities in a hard-bitten Gulf of Mexico coastal area.

Fire ants resemble ordinary garden ants but are about twice their size. They are called fire ants because their sting feels like fire.

Since the fire ant first appeared 24 years ago at Mobile, Ala., where it is believed to have arrived on a South American ship, it has spread northward into about 10 states.

Three Airmen Bitten

The "invader" has spread as far west as Harris County, Tex., and up the Atlantic Seaboard to Wake County, N. C., littering tilled lands and pastures with its "unsightly mounds," other witnesses said.

Rep. Armistead Selden (D-Ala.) said the ants have dug 350,000 mounds at Maxwell Air Force Base near Montgomery, Ala., where they also have attacked

three airmen, who had to be hospitalized for bites.

Dr. David L. Ray, North Carolina Agriculture Department entomologist, said the danger to farm

workers exposed to possible bites which cause festering blisters is an important part of the fire ant menace.

## Pro Playoffs Begin Thursday

**By United Press**  
The final round division playoffs in the National Basketball Association begin Thursday night with Syracuse at Boston and Minneapolis at St. Louis.

The Lakers earned the right to meet the Western Division champion Hawks in the best-of-five final round by defeating the Fort Wayne Pistons, 110-108, Tuesday night for their second straight win over the Pistons in the opening round best-of-three series.

The Nationals defeated the Philadelphia Warriors two straight in their opening round Eastern Division

vision playoff for the right to play the division champion Celtics. St. Louis and Boston drew first round byes for finishing first in their respective divisions in regular season play.

## College Cage Scores

**By United Press**  
NIT At New York  
Quarter-Finals  
Temple 77, Dayton 66.  
Bradley 116, Xavier, Ohio 81.

# Herrin, Collinsville Triumph In Supers

## Bradley Stuns Xavier, 116-81, In NIT Action

NEW YORK (U.P.)—Guy (The New Cousy) Rodgers of Temple stood out today as the top individual star seen so far in the National Invitation Tournament, but even Temple Coach Harry Litwack had to admit, "I've never seen anything like that Bradley team."

Rodgers really did look like he might become as great some day as Bob Cousy of the Boston Celtics, scoring 26 points to lead Temple to a 77-66 victory over Dayton in the NIT quarter-finals Tuesday night.

But Bradley stunned the 10,543 fans with its 116-81 triumph over Xavier of Ohio—coming from 21 points behind to win easily and, in the bargain, smash three Madison Square Garden scoring records. Despite Rodgers' individual brilliance, second-seeded Bradley now was moving into the role of title favorite.

### "Press" Does It

The Braves from Peoria, Ill., went into an all-court press after falling behind Xavier, 38-17, in the first 11 1-2 minutes. The maneuver turned the game upside down. Xavier suddenly could do nothing right and Bradley could do little wrong.

Historians could recall no NIT game in history that changed color so completely. Bradley whittled away 13 points of the lead by halftime, caught up after three minutes of the first half and then romped home to set a Garden record for points in one game, points in one half (72 in the second), and total free throws (42).

Bradley will meet Temple in one semi-final Thursday night. St. Bonaventure will oppose Memphis State in the other and the winners will clash in the nationally-televised finale Saturday at 2 p. m. EST.

## Fight Results

**By United Press**  
MIAMI BEACH, Fla.: Rory Calhoun, 161 3-4, White Plains, N. Y., stopped James Bussey, 164 1-4, Augusta, Ga., (6).

OAKLAND, Calif.: Joe Giambra, 158 1-2, Buffalo, N. Y., stopped Al Andrews, 160 1-2 St. Paul, Minn., (6).

STOCKTON, Calif.: Manuel (El Toro) Rocha, 149, Mexico, stopped Steve Tony, 148, Manila, (7).

Minnesota's State Park system contains 63 units comprising 88,000 acres. Its first state park was established in 1889.

**CHAMPIONSHIP FORM**—Here's Casey Stengel in action during an exhibition game at St. Petersburg. He doesn't look exactly like an all-winning genius right here, but then you can't tell what the Yankees' manager is telling his bench full of players, either.

## Basketball Banquet at HTHS on March 26 Will Be Public Affair

The Harrisburg Bull Dog basketball banquet has been scheduled for the evening of Tuesday, March 26 in Bonnell gymnasium and this year the event will be a public affair.

Everybody is invited to attend the affair, to which dinner tickets will be sold at \$1.50 each. Members of the Bull Dog basketball team will have tickets for sale.

Principal speaker for the dinner, which will start at 6:30 p. m., will be Ray Hansen, director of athletics at Western Illinois State College, Macomb, a close friend of John Dotson, Harrisburg Township high school head basketball coach.

The speaker is known nationally as a basketball authority, having served as president of the NAIA (National Association of Intercollegiate Athletics).

He was one who helped organize the ten-second rule into basketball. This rule requires that the ball be moved out of the back court by the club on offense within ten seconds.

During World War II he was a

full colonel in the U. S. Marine Corps.

Dotson has just completed a successful season in his first year as cage mentor at Harrisburg high school, developing the team into a fine outfit that won eight straight games including the regional title before it lost to West Frankfort in the sectional.

And this year Bull Dog fans are getting the opportunity of joining in on the festivities when the boys get their awards as well as getting a chance to hear one of the top authorities on athletics speak.

## Curb Billboards, Hot Dog Stands, Official Asks

WASHINGTON (U.P.)—The American Automobile Assn. today urged Congress to prevent billboards and hot dog stands from making the new interstate superhighway system a hazardous "scar across the face of the countryside."

AAA Safety Director Burton W. Marsh told the Senate Public Roads subcommittee in a prepared statement that unless billboards and commercial establishments are controlled the safety and beauty of the new highway system will be endangered.

Marsh said without control "road-sides are soon pocked with outdoor advertisements and hot dog stands."

"Such blight cuts traffic capacity, increases traffic hazards and eventually necessitates costly reconstruction or relocation of highways," he said.

He cited an AAA survey in Minnesota in 1952 that showed that an increase in the number of signs along 500 miles of highway was accompanied with a boost in the number of fatal accidents.

Secretary of Commerce Sinclair Weeks urged the subcommittee Monday to pass legislation that would curb advertising along the new interstate highways. He said advertising signs "destroy the natural beauty of the landscape, coast to coast."

### Trees Through Houses

Rather than cut down the coconut palms along Waikiki's main streets, ingenious builders cut holes in overhanging eaves and roofing, allowing room for the trees to sway in the trade winds.

## Tigers Easily Defeat Mt. Vernon, 57-44: Kahoks Drub Charleston, 76-57

### Elgin Narrowly Squeaks Past Bloom, 53 to 52

**By United Press**

Elgin squeaked to a 1 point win over Chicago Heights Bloom in the final 37 seconds. Ottawa nicked Pekin in a sudden death double overtime thriller while Collinsville and Herrin coasted to easy triumphs Tuesday night in Illinois high school basketball supersectionals.

Also rolling into the quarter-finals at Champaign Friday were Galesburg, Champaign, Evanston and Quincy Notre Dame, upset winner over Springfield.

In the top game on the action-packed card, Elgin's Gary Kane popped in his 10th field goal of the night with 37 seconds to go to give the Maroons a 53-52 win over Bloom at Hinsdale and the right to meet Herrin in the first round at Champaign.

Bloom appeared throughout the battle to be on the way to hanging the first defeat on Elgin in 27 games. Bloom grabbed an 18-11 first period lead, and clung to a 31-28 halftime advantage.

But second-ranked Elgin roared back in the third period to take a 42-39 edge. Bloom regained the lead with 2 minutes and 42 seconds left, then moved out to a 52-49 margin. Elgin's Phil Sokody caged two free throws with 58 seconds left to make it 52-51, and set the stage for Kane's game winning tally.

### Ottawa to Meet Champaign

Kane led the Maroon scoring with 20 points while Homer Thurman and Bob Fell each netted 15 for Bloom.

Pekin came to life in the fourth period at Peoria and overtook Ottawa for a 52-49 lead with just 13 seconds left in the game. But Ottawa's Francis Clements swished in a free throw and Ralph Lindeman netted a basket as the final gun sounded to tie the game 52-52.

After the first overtime period the game was still knotted, this time 56-56, and officials decided on a sudden death playoff, with the first team to get a 2-point lead to be the winner.

Ottawa's Jerry Varland supplied the winning margin with two free throws for the 58-56 victory.

Ottawa, now 27-1, meets Champaign in the quarter-finals. Top-ranked Collinsville pounded Charleston, 76-57, at Salem as captain and center Terry Bethel poured in 40 points. The unbeaten Kahoks will take a 32-0 record into the first round at Champaign against Galesburg.

Collinsville led 36-27 at halftime and widened the gap to 62-39 going into the final period. Gary Pals was high for the Trojans with 19 points.

### Herrin Gets 28th Win

Herrin had an easy time, too, knocking off Mount Vernon's Rams 57-44, at West Frankfort, the third victory this season for the Tigers over the Rams. Herrin never was in trouble and owned a 30-24 halftime advantage.

However, Mount Vernon's 6-5 center, Don Williams, was high scorer for the night with 20 points. Guard William Williams, with 18 points, and center John Tidwell, sparked the Herrin attack with 16.

Herrin hit for a 405 percentage from the floor for its 28th victory in 30 games.

Galesburg dumped Freeport at Moline, 60-47, despite a 25-point performance by Freeport's George Hively.

The Silver Streaks took a 2-0 lead on center Al Williams' first basket and never were headed. Williams collected 16 points but teammate Bob Hoffman was high

with 20. Galesburg's victory was its 23rd in 29 starts.

Champaign emerged the winner in another close struggle at Decatur, clipping Maroa, 57-56.

Champaign held a slim lead throughout the game and used a free throw late in the contest. Maroa fouled in an attempt to get the ball and Champaign hit on free throws to hold on until the final gun.

### Quincy Beats Springfield

John Easterbrook and Don Hopper each hit 17 points for Champaign and Jim Brown had 15 for Maroa. Champaign's season mark now is 24-5.

Underdog Quincy Notre Dame defeated Springfield, 65-53, at Springfield. The result never was in doubt after the first period. Notre Dame will meet Evanston at Champaign Friday.

Quincy took a 30-23 halftime advantage and moved out to a 13-point lead early in the second half. It coasted in from there, never less than 11 points ahead.

Center John Flynn hit 16 for the Raiders and Roger Trimpe had 15. Paul Sangster led Springfield with first period lead, and clung to a 31-28 halftime advantage.

But second-ranked Elgin roared back in the third period to take a 42-39 edge. Bloom regained the lead with 2 minutes and 42 seconds left, then moved out to a 52-49 margin. Elgin's Phil Sokody caged two free throws with 58 seconds left to make it 52-51, and set the stage for Kane's game winning tally.

Ottawa came alive then and raced past the Cougars for the decision. Center Dave Tremaine paced Evanston with 29 points and Art Nichols dropped in 21 for the losers.

\* Evanston's record now is 21-3.

## THE MIGHTY CHRYSLER

Most glamorous car in a generation

No other car even challenges its performance!

Here are some figures for comparison. We believe they talk louder than words, and that you will find this message worth reading.

So much has been said about the good looks of the 1957 Chrysler that you may have the impression its reputation rests on styling alone. The truth is it's even more impressive in action. Three performance figures prove this. Here is the first: Chrysler's Firepower V-8 engine packs 325 hp (and up to 375 hp in the Chrysler 300-C), tops in the industry.

Is horsepower the only way you judge performance? Certainly not. There's engine displacement and torque. Chrysler's displacement is 392 cu. in. What

about torque, the real pay-dirt power that turns the wheels? Chrysler's torque is 430 lb.-ft. at 2800 rpm, again tops in the industry.

More power than you need? Maybe. But it means unquestioned command of the highway when you want it. It means your Chrysler will stay like new much longer because it can loaf where other cars strain. So you see, when we call this car the Mighty Chrysler we mean just that... the mightiest on the highway! Come in and drive it soon.

# The Library -- Cultural, Educational Center

THE MITCHELL-CARNEGIE PUBLIC LIBRARY, a beautiful structure on the corner of East Church and

the library one of Harrisburg's beauty spots as well as the educational and cultural center of the city. The librarians,

shown in interior photo at right, are Mrs. Mary Jane Rice, at left, and Miss Hazel Sunday. (Register Photos.)

## One of Most Outstanding in Area; In Operation Since January, 1910

Building Built with Andrew Carnegie Donation on Ground Given by Late Dr. Mitchell, Through Woman's Club Efforts

By VENITA GILLEY

Since 1910 the Mitchell-Carnegie public library has offered the people of Harrisburg and surrounding areas great educational and cultural opportunities, and is second only to Cairo in southern Illinois as the most outstanding.

Total circulation for the year ending 1956 was 43,016. This included: non-fiction, children, 4897 and adults 3526; fiction, children 18,760, and adults 14,176; periodicals, children 620 and adults 989; and 48 pamphlets.

Population of area served is 10,599, with 564 individual borrowers and 85 non-resident borrowers. The non-resident borrowers pay a dollar per year for book service. Books which are not found in this library may be obtained through mail from the state library at Springfield.

Sixteen volumes grace the memorial shelf. These books are given by organizations or individuals in memory of loved ones who have passed away.

Just as a town is made up of the people who live there, so is the atmosphere of a library governed by the people who work there. Harrisburg is most fortunate in its librarians. Miss Hazel Sunday has been with the library since February in 1948, and Mrs. Mary Jane Rice has been there since April of 1950. Both are charming conversationalists and never too busy to look up the most difficult reference. They are also ready to recommend the latest and most appealing novels.

The present library board of trustees consists of the following members: T. D. Gregg, president; Mrs. Charles E. Combe, secretary; Mrs. George Barnes, Mrs. E. Bishop Hill, Mrs. J. B. Blackman, Harold Bauman, J. A. Bottomley, Russell Malan and Bill Williams. These trustees are appointed for three-year terms by the city commission over public buildings.

During the history of the library some of Harrisburg's broadest minded, most public spirited people have served as library trustees. The first board consisted of Mrs. J. B. Blackman, Mrs. F. M. Pruett, Mrs. W. R. Rathbone, Mrs. Ed Scott, Dr. C. E. Byington, president, Loren Felts, secretary, Clarence Bonnell, W. V. Choisser and John B. Lee.

Those having served as a library trustee through the years are:

Dr. C. E. Byington, Clarence Bonnell, John B. Lee, Ed Scott, Mrs. A. W. Lewis, Mrs. J. B. Blackman, Loren Felts, W. V. Choisser, Mrs. F. M. Pruett, Mrs. M. S. Whitley, Albert Yates, Mrs. T. O. Elliott, D. B. McGee, Miss Nina Gaskins, Mrs. C. E. Combe, Mrs. W. I. Reynolds, Mrs. C. D. Stilwell, O. M. Karraker, Rev. C. B. Whiteside, R. C. Hine, P. S. Parish, Roy L. Seright;

Mrs. C. W. Turner, Rev. M. H. Loar, Rev. H. B. Willhoit, George O. Davenport, Rev. W. S. Bodell, Mrs. Thomas Hetherington, Roscoe Pulliam, Miss Bertha Martin, Curtis Snell, Joe Holden, Mrs. F. S. (Ruth) Gray, Mrs. Harry Woolcott, Nelson Morris, Russell Malan, Mrs. J. V. (Dora) Capel, Ray Durham, Harry Taylor, Harold Bauman, T. D. Gregg, Mrs. George Barnes, J. A. Bottomley, Mrs.

Scerial (Josephine) Thompson, Mrs. E. Bishop Hill and Bill Williams.

Acting librarians and assistants since the library's beginning include: Ardis Shaw, Eunice Parker, Mona Goodrich, Hazel E. Moore, Waive Dagley, Grace Collier, Bernice Wiedemann, Audrey Johnson, Beulah Rogers, Ethel Phillips, Gladys Small, Amy Henshaw, Lucinda McGuire, Leta Scott, Sylvia Henshaw, Helen Jean Goltosky, Agatha Cavender, Mary Hindmarsh, Joan King VonLienen, Frances Cummings, Hazel Sunday and Mary Rice.

Custodian who has been with the library for the past 12 years is James Pepper, an Englishman who came to the United States in 1908.

Work was started on the library following a long, hard struggle by the members of the Woman's club whose ambitions and persistent efforts can be credited for the library's beginning. A committee consisting of Mrs. Blackman, Mrs. Scott, Mrs. Lewis and Mrs. Pruett appeared before the city council in 1905 to plead their case for a library, but were ignored. In May of 1906 they appeared again and were again put down. But on Feb. 4, 1907, they appeared again, and this time it was approved.

The library was begun a short time after the coal boom in Saline county. It had only a few books people in town had given and they were kept in a room upstairs in the old city hall on South Vine street. It was open two or three afternoons a week and some members of the Woman's club acted as librarians.

It was a tiny library, but it was a beginning. People in charge of the library asked Andrew Carnegie for a library. Mr. Carnegie was a man who made millions of dollars in steel. It is told that when he was a small boy he was very poor and could not go to school, and a man who had some books was kind to him and let him read them. He loved books and when he became rich he gave money for new libraries over the country. . . . he wanted the people to have a chance to read books.

Mr. Carnegie was willing to give Harrisburg a library building if the town could furnish a lot to build on.

The library committee was most unhappy. They had tried every way to get money to buy a lot, but were quite unsuccessful. One night at a meeting someone suggested that they ask Dr. J. W. Mitchell to give a lot. Mr. Mitchell was also a wealthy man and owned several lots on Church street. He consented and on April 30, 1908, he wrote the following note to Dr. Byington, president of the library board:

"Dear Sir, while I have never considered the matter of carving

South Vine streets, was built in 1909 and dedicated in January, 1910. The well kept building and yard has made

A NINE MEMBER BOARD determines the operating policy of the Mitchell-Carnegie Public Library in Harrisburg. The board normally meets the afternoon of the first Wednesday of each month in the club room on the lower floor of the library. At the March meeting were six members of the board—Mrs. George Barnes, Thomas D. Gregg, president; Mrs. Myrtle Combe, secretary; Russell Malan, Mrs. Olive Blackman and H. B. Bauman. Not present were Mrs. E. Bishop Hill, J. A. Bottomley and Bill Williams. (Daily Register Staff Photo)

up my homestead heretofore, yet under the peculiar circumstances which embrace the library board, I have concluded to donate sufficient ground on the corner of Church and Vine streets for a library site. Yours Respectfully, J. W. Mitchell."

The building committee consisted of John B. Lee, chairman, Mrs. Blackman, Mrs. Whitley, and Mr. Felts. Mr. Bonnell, Mrs. Ed Scott and Mrs. A. W. Lewis composed the library committee, and the finance committee consisted of Mrs. Pruett, chairman, Mr. Choisser and Mrs. Whitley.

Dedication of the library was held Jan. 21, 1910, with Clarence Bonnell presiding at the dedication. Guests were toured through the building and given postcard souvenirs of the library. The building was named for Dr. Mitchell and Mr. Carnegie.

The library was valued at \$25,000—\$15,000 for the building and \$10,000 for the site, at no cost to the city, except a two-mill tax for expenditures.

A club room was made of the library basement for the Harrisburg Woman's club and other organizations, and recently the room was redecorated and refurnished with lovely tables, chairs, lamps, settees and pictures donated by organizations meeting there, and a new piano donated by the Woman's club.

A bust plaster cast of Dr. Mitchell, which is the work of the former Miss Oma Barnes, stands in the library and was donated by Mrs. A. W. Lewis, Mrs. Albert Pruett, Mrs. J. B. Blackman and Miss Margaret Elder.

A library possesses a calmness equal to a deserted museum holding facts and unknown secrets about its dwellers. From Emilie Poulsson's "Louisburg Square," is this stanza:

"Books are keys to wisdom's treasure;  
Books are gates to lands of pleasure;  
Books are paths that upward lead;  
Books are friends. Come, let us read"

OFF TO A GOOD START SURROUNDED BY LAW BOOKS—Byron O. House, Nashville, who took office as Illinois' newest state supreme court justice last week, reclines a bit after he has been sworn in. Here he is shown in the tribunal's conference room in the Supreme Court Building at Springfield after he comes off the bench where he listened and passed on motions with other Justices, to start boning up on cases assigned to him for study

## Experience Adapts Justice House To New Duties of High Tribunal

By DON CHAMBERLAIN  
Special To The Register

SPRINGFIELD, Ill. — Illinois' newest state supreme court justice—54-year-old Byron O. House, Nashville, expects to have little difficulty adjusting himself to the work and discipline of the high state tribunal. He says his experience as a circuit judge and two years close work with the late Justice Ralph Maxwell, Nashville, his brother-in-law, have familiarized him with his new duties and that he hopes to make a career out of the high court.

House was sworn in as the new justice from the 24-county 1st Supreme Court District in the extreme southern part of the state last week. He was chosen at a special election February 25 to fill the vacancy caused by the death of Maxwell last year and will serve until 1960 when he plans to run for the full nine-year term. House who receives an annual salary of \$22,500 was known as "Shanty" when he studied law at the University of Illinois.

Protege of Harno

He is one of three justices who are regarded as proteges of Albert J. Harno, an authority on criminal law and the dean of the University of Illinois Law School. Harno, House said, still calls him by his college nickname. The other two who studied law at Illinois under Harno are Chief Justice Ray I. Klingbiel, East Moline, (1924) and Justice Charles H. Davis (1928). House graduated from the law school in 1926.

The new justice had his judicial career practically thrust upon him by recent events. The turn of events came when Gov. William G. Stratton appointed him a circuit

judge last July to fill the vacancy caused by the elevation of Circuit Judge William N. Jurgens, Chester to be a United States District judge. Up to that time he was mostly interested in law practice.

He said his association with Maxwell helped prepare him for the supreme court and that after Maxwell died he accepted persuasion by friends to seek the higher judicial office. He said he expects to like being a supreme court judge because "there is not the rough and tumble of the trial courts." He describes work with the Supreme Court as "a scholarly approach to the law as well as a close companionship with the six other justices in their living quarters in the court building."

From Legal Family

Justice House brings with him of the high court a special knowledge of school law and of other laws dealing with oil and gas. House is a member of a three-generation legal family. His father, the late Harold H. House, served as state's attorney of Washington county for three years and the Justice's son, James B. House was graduated from the University of Illinois law school in 1955 and admitted to the bar in the same year.

House's election keeps the average age of the supreme court at 59.7 years. Dean of the court is Justice Harry B. Hershey, Taylorville, 72. Davis is the youngest—52. House is described by his friends as an affable man with an enthusiasm for outdoor life. He says his chief hobbies are fishing, hunting and farming. Southern Illinois associates regard him as a good shot and say his specialties in that field are ducks and quail.
